

Liability

The Barock Pinto Studbook (BPS) and the local organisers of inspections accept no liability for accidents, injury, loss of or damage to horses, handlers or property during an inspection. Participation and attendance are entirely at one's own risk. Owners are generally required to have valid equine liability insurance and personal third-party liability insurance.

A. Liability and rules relating to inspections

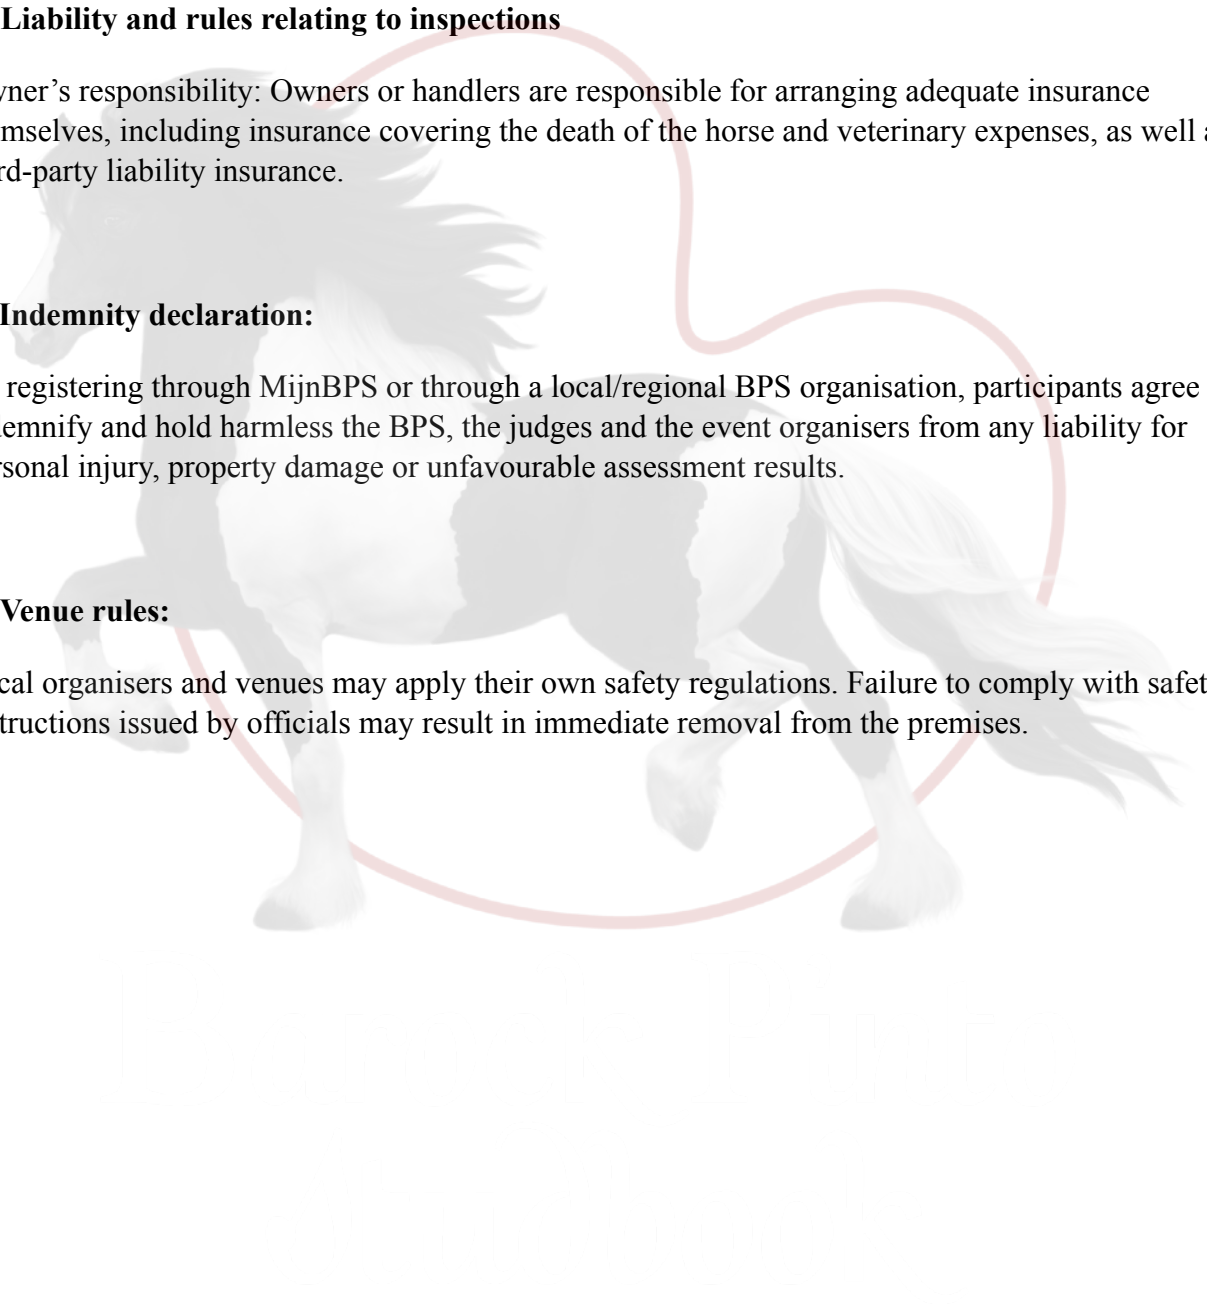

Owner's responsibility: Owners or handlers are responsible for arranging adequate insurance themselves, including insurance covering the death of the horse and veterinary expenses, as well as third-party liability insurance.

B. Indemnity declaration:

By registering through MijnBPS or through a local/regional BPS organisation, participants agree to indemnify and hold harmless the BPS, the judges and the event organisers from any liability for personal injury, property damage or unfavourable assessment results.

C. Venue rules:

Local organisers and venues may apply their own safety regulations. Failure to comply with safety instructions issued by officials may result in immediate removal from the premises.
